# NLG Phone Case

## Product code: 101383

PRODUCT BRIEF / 101383

The NLG Phone Case provides a safe tether point for a tool lanyard whilst retaining the full smartphone functionality, including the camera.

Mobile phones remain one of the most commonly dropped objects. The NLG Phone Case overcomes this issue in one swoop.

The NLG Phone Case is a protective case that will fit all the most commonly used mobile phones. The case's clear 'soft touch' cover allows the touch screen functionality to be retained. Other features ensure there is no compromise in the clarity of hearing and it is carefully designed to accommodate the camera of all popular smartphone brands.

If the Phone Case is used with the NLG Micro Lanyard and the NLG Velcro Anchor with the innovative docking pad, it becomes a complete and secure tethering system that allows the phone to be attached to any belt, harness or other attachment point and gives total access to the phone without using a pocket.

---

## INSPECTION

In addition to routine checks prior to each use, all equipment should undergo regular detailed inspection, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for thorough inspection.

## Specification

- Developed to work with all common smartphones including camera compatibility
- Soft Touch screen protector retains full touch functionality
- Carefully engineered not to compromise audio quality of the phone
- In case charging slot allows trouble-free charging cable connection
- Non-conductive, lightweight plastic D Ring for tool lanyard attachment
- Unique serial number for easy identification and tracking
- CE marked
- ANSI/ISEA 121-2018 compliant
- Dynamic load tested and third-party certified (2:1 safety factor)
- Dimensions: 18cm (H) x 10cm (W)
- Max Load: 1kg (2.2lbs)

---

### MAX LOAD (SWL)

1KG / 2.2LBS

---

### SERIAL NUMBERED

Makes the management of inspection routines and reports easy and traceable

02 / Product

CODE: 101383  
DESCRIPTION: Phone Case  
LOAD RATING: 1 KG / 2.2 LBS

03 / Conformity

The undersigned acting on behalf of [01] above hereby declares that:  
  
The PPE described in [02] is in conformity with the provision and scope of our quality control and testing protocols set out in the PPE Regulation (EU) 2016/425 covering all PPE manufacturing, where such is the case, with the standard of fit for purpose design parameters. The above referred to Personal Protective Equipment [02] is identical to the equipment independently tested and certified by BSTL in accordance with EN 364:1992 test methods.

Dynamic drop performance testing conducted at 2:1 weight safety factor for tool lanyards and tether points. Static strength testing conducted at 5:1 weight safety factor for containers and storage equipment.
