

Pacifyre® MK II Fire Sleeve (M) – Small

for penetrations of metal pipes (insulated or non-insulated) 15 - 110 mm

(U 04 10)

Features and benefits

- for pipe penetrations of insulated or non-insulated metal pipes in accordance with e.g. BS476-20, in walls (solid walls or light partition walls) and ceilings with fire protection requirements
- the sleeve provides a guaranteed protection against fire, smoke and noise
- expansion and contraction of the pipe remains possible
- noise reduction test report from IRB (Fraunhofer Institut - Germany) available
